Hi Glenda,

It is nice to hear from you. I can absolutely make time to meet you next Tuesday at 11:00 am. I would like to invite the Contracting Officer, Morgan Phillips Snyder, for Immix, DLT, and Mythics as well to ensure she is aware. I hope that works for you. I look forward to speaking with you. Have a great weekend!

Sharon,

I apologize that we have been unable to connect and I would like to meet with you in July but feel a call would be best for an initial discussion. We closed our fiscal year May 31st and have been at a hectic pace since so I am just getting to a point where I can strategically plan my schedule for the next two months. Until we can meet in person I would like to propose a discussion so I can make you aware of the three Letters of Supply issued to DLT Solutions, immix and Mythics.

Please let me know if you are available for a phone call on Tuesday, June 26th from 11:00 – 12:00 a.m. ET.

My name is Colleen Law and I am the girl who from the event a while back who gave you a call out on the GSA SLMS program (thanks again for the shout out!). I've been wanting to grab coffee for some time now, but am actually reaching out today for another reason.

I am this year's Chair of Young AFCEA's Winter IT Luncheon taking place March 14th, 2018 from 11:30am-2pm at Gallery Place in Chinatown.The event is a close knit roundtable experience, with just two government invitees sitting at each table of ten (130 people max). No panel or individual speaking is involved.

This year the theme is "Doing More with Less" and the table topics include: Government Services Alignment (Shared Services and Category Management), Digital Transformation (Cloud, Agile/DevOps), Modernizing Legacy Systems, Emerging Technology and Data Governance, and Cybersecurity.

I would absolutely love for you to join us this year, Bill. I imagine that the Government Services Alignment topic would suite you best, but the choice is totally yours. I will have a formal invitation coming your way within the next week or so. Please let me know if you are available/interested.

All the best,

Colleen

Colleagues,

Cloud security, particularly data and application security has been THE topic of the day in discussions of cloud adoption. In the wake of several major data breaches, government agencies are increasingly focused on security issues in their journey to the cloud. Join this executive panel to learn and discuss how agencies can extend and even improve their robust, on-premises security framework when moving to the cloud, while offering complete visibility into their entire cloud stack. Our panelists will share key considerations on identity management, threat detection and response, and evolving government mandates- including FedRAMP.

What: Oracle Cloud Security Seminar: A Roadmap to Data Protection
When: Thursday April 26, 8:00am – 10:30am
Where: Marriott Marquis DC, 901 Massachusetts Ave NW, Washington, DC 20001

Guest Host and Moderator:
Francis Rose, Government Matters

Keynote speaker/panelist:
Gail Coury, Oracle CISO

Government Panelists:
Sanjeev "Sonny" Bhagowalia, Senior Advisor, US Treasury Bureau of the Fiscal Service
Ronald Rice, Cloud Cybersecurity Standards Lead, DISA
Ashley Mahan, Agency and Security Evangelist, FedRAMP PMO

PLEASE FORWARD TO OTHER senior-level government leaders IN YOUR ORGANIZATION RESPONSIBLE FOR IT security, OPERATIONS, audit, compliance, finance and legal.
You can register at:

Hi Bill,

My name is Colleen Law and I am the girl who from the event a while back who gave you a call out on the GSA SLMS program (thanks again for the shout out!). I've been wanting to grab coffee for some time now, but am actually reaching out today for another reason.

I am this year's Chair of Young AFCEA's Winter IT Luncheon taking place March 14th, 2018 from 11:30am-2pm at Gallery Place in Chinatown.The event is a close knit roundtable experience, with just two government invitees sitting at each table of ten (130 people max). No panel or individual speaking is involved.

This year the theme is "Doing More with Less" and the table topics include: Government Services Alignment (Shared Services and Category Management), Digital Transformation (Cloud, Agile/DevOps), Modernizing Legacy Systems, Emerging Technology and Data Governance, and Cybersecurity.

I would absolutely love for you to join us this year, Bill. I imagine that the Government Services Alignment topic would suite you best, but the choice is totally yours. I will have a formal invitation coming your way within the next week or so. Please let me know if you are available/interested.

All the best,

Colleen
